Tangerine dream: The lip balm equivalent of a string bikini, Tom Ford Estée Lauder Collection The Lip Shine in mouth-watering Coralée is summer's barest necessity—just a hint of color.

Stained glass: M.A.C for Nordstrom lip gloss trios (in, from left, Plum and Coral) come in compacts as rich-looking as Tiffany lamps and can be worn alone for sheer shine or layered for jewel-like intensity.

SHIMMERY GLOSSES, GILDED COMPACTS, AND 24-KARAT FRAGRANCES MAKE THIS SUMMER A GOLD RUSH. BY ROOPIKA NAYAR

Lock down: (From left) Paul Labrecque Volume Finish All Day Holding Mist and Straight Finish Humidity Control Hair Mist contain vitamin B and sunscreen to tame frizz and protect color through the dog days of summer.

Power pods: Rodan + Fields Anti-Age single-use capsules contain a potent retinol and peptide serum to stimulate collagen production and even skin tone while you sleep.

Dual nature: Part bronzer, part highlighter, Revlon Bare Bronze Face Powder combines two seasonal favorites to help you fake a vacation-quality glow in seconds.

Hidden treasures: YSL Palette Sensation Soleil tiered makeup kit packs bronzer, eye shadows, lipsticks, and three mini brushes into one chic compact—all you need for a weekend jaunt to the French Riviera.

Firelight: Inspired by the spicy-sweet scent of European tanning oils, Bond No. 9 Fire Island captures the devil-may-care party spirit of Manhattan's neighboring beach hot spot.

Game, set, match: Serena Williams teams up with Flirt! for the second time to design Gold Star Glamour, a heart-shaped key chain that holds mini Squeeze Me lip glosses in two universally flattering shades: (from left) Very Cherry Gold and Star Zing.

Spice market: With notes of Italian orange blossom, Indian jasmine, and Madagascar vanilla, Armani Code is as seductive as a sultry summer night.
