

Yas to launch state of the art spa

The Yas Hotel has announced that its state-of-the-art ESPA spa will open on 1st September.

Created by renowned New York design firm Richardson Sadeki, ESPA at The Yas Hotel has been conceived as a luxurious contemporary reinterpretation of a traditional Islamic hammam.

In addition to 10 treatment rooms, ESPA at The Yas Hotel features a rotunda - a cylindrical space comprising a serene sculpture garden wrapped around a central column that reveals a refrigerated inner core providing a cool sanctuary from the heat of the hammam. An illuminated nightscape ceiling and an amorphous sculpted stone lounge complete the uniquely serene yet exhilarating space.

Treatments have been created specifically by ESPA, and combine the best of ancient and modern therapies with the finest quality ingredients and skin care, harnessing the natural healing elements of aromatherapy.

Signature treatments include the two-hour Yas Detox (AED 725), and the two-hour Sun Escape (AED 725).
